MEMORANDUM FOR THE RECORD

SUBJECT: Briefing of Bill Woodruff and Ed Braswell on Laos

In response to his request I met with Bill Woodruff today and provided him with information concerning CIA personnel in Lios. people in Laos -- of whom I told him that we have 25X1A are engaged in the paramilitary program; the others are involved in intelligence collection programs, principally in Vientiane. I told him that were in the Military because of the nature of their work) 25X1A Services immediately prior to their present assignments in Laos and 25X1A that most of these had previous tours of duty in Thailand or Vietnam or had received training in the U.S. prior to being assigned in Lios. If we eliminated these people, there remained who left the Military Service, and then came to work 25X1A in Laos.

2. I briefed both Woodruff and Braswell on the situation in Laos, including the background of Agency involvement and the present order of battle. I also provided both of them with the breakdown of the cost of our paramilitary program in Lios for FY 1970. Both of these staff members were most interested in this information and Braswell said that Senator Stennis had indicated earlier in the day that he would probably be contacting us for a briefing on what we were doing in Lios in the near future.
